UNAUTHORIZED ACCESS TO BUILDING

It has been brought to our attention that residents are allowing non-residents into the building. It is everyone's responsibility to ensure the security of the building. Each of you can do your part to keep the building secure and follow these suggestions.

- Suspicious or unknown people trying to get into the building should be referred to property management and then the police. **NEVER** allow strangers to enter the building as you are leaving or entering the Condominium.
- Do not buzz anyone you do not know into the building.
- Do not let canvassers into the building. They do not have the right to be in the building unless they are there for government elections, where under the applicable law; these people do have a right to be in the building.
- Make sure any exterior door closes behind you securely.
